Subject: URGENT: Malware Attack on NBN Connection
—
Body:
Hello NBN Team,

At 2022-03-20T03:16:34Z, our security systems detected a malware attack targeting the critical infrastructure of the NBN Connection. This infrastructure is responsible for providing high-speed NBN connection services.

We urgently require your attention and expertise to initiate an incident response for the affected infrastructure. As part of the NBN Team, your immediate action is crucial in mitigating the impact of this attack. Please mobilize your team and allocate necessary resources to address this incident urgently.

For any questions or issues, don't hesitate to reach out to us.

Kind regards,
Telstra Security Operations
